RE: Site Inspection, Terra Resources, LLC, Dove Creek Pass Quarry, S/003/052, Box Elder County, Utah

Date of Inspection: May 16, 2001  
Time of Inspection: 4:30 p.m.  
Conditions: cloudy, windy  
Participants: Tom Munson and Lynn Kunzler, DOGM

Purpose of Inspection: document site conditions.

This permit area consists of two pits on either side of the Dove Creek Pass road. There has been no activity on the south pit since last year. The north pit was inactive as well (to date, operations have not started up this season), however there was still many pallets of stone that had been quarried last season. There was a semi being loaded with this stone during this inspection. The disturbed area has not been expanded since last year when it was determined that this site was at the 5-acre limit for a SMO.
